NO. 67

About Maud S. and the High Wheel Sulky Record.

Bred at Woodburn Farm, Kentucky. Foaled March 25, 1874. Sired by Har-old, dam Miss Russell, by Pilot, Jr.

At three years of age she was hand-led 60 days and trotted a half mile in 1:13.

At four years in October, she trotted a mile over Chester Park, Cincinnati, half mile track, in 2:22, and a few days later over mile track in 2:17.

At five years, she was the property of Wm. H. Vanderbilt, New York, and trained by Carl S. Hurr, Comac, L. I. Later returned to Cincinnati and fitted by W. W. Blair for campaign.

At six years she started at Chicago, July 24, in match race against Trinket, and distanced her in 2:13. This was then the record for a heat in a race against other horses.

At Huron, Aug. 4, she was driven to lose one heat, it being the only heat she ever lost. She won the fourth heat in 2:16, which was the record for a fourth heat.

At Rochester the following week she trotted her first exhibition mile against time and took a record of 2:11.

At Chicago she closed the season in an exhibition mile against time and lowered her record to 2:10.

The campaign of 1881, in her seven-year-old form, opened at Pittsburgh, July 13, to beat 2:10, and she won, putting the record at 2:10.

At Chicago, July 23, she trotted two heats in 2:11 and 2:11, which was the fastest two consecutive heats on record.

At Philadelphia July 28, she trotted three heats in 2:12, 2:13, and 2:12, which was the fastest three consecutive heats on record.

At Rochester, Aug. 11, to beat 2:10, she won, reducing her record to 2:10.

During 1882 and 1883 Maud S. was used by her owner Wm. H. Vanderbilt, for road driving.

At Fleetwood Park, June 15, 1883, to the pole with Aldine, 2:10, driven by the owner to a road wagon weighing 211 pounds, the pair trotted a mile in 2:19.

At that time the world's record to a pole was 2:16, made by Edward and Dick Switzer, driven by a professor.

In 1883 Maud S. was the property of Robert Bonner, and she was again used in training with W. W. Blair.

At Providence, Aug. 1, Jay I. Ye Sautred in 2:10 and beat the world's 2:10 trotting list.

On the following day at C. V. S., Maud S. trotted a mile in 2:13, and no more was seen of the trotting list. In the season, at Lexington, she trotted 2:12, which closed her campaign for the year.

At Cleveland, July 28, 1883, she was driven to beat 2:12, and won, trotting the mile in 2:11.

This record was reduced last week by Lou D. on, who trotted a mile in 2:08.

A. A. Wayne, one of the leading cattle raisers in the Perryville section, discovered a number of his exporters in a dying condition in a field from which tobacco had recently been cut. They were examined by a veterinarian and it was found that they had eaten a large quantity of tobacco which had been sprinkled with Paris green solution to destroy the worms. The cattle were valued at \$75 each. Seven or eight other farmers have lost cattle in a very mysterious manner during the past month and it is probable that Paris green has been the cause of all losses, as a great deal of tobacco is raised in the surrounding country.

Gained 40 Pounds In 30 Days.

For several months our younger brother had been troubled with indigestion. He tried several remedies but got no benefit from them. We purchased some of Chamberlain's Stomach and Liver Tablets and he commenced taking them. Inside of 30 days he had gained 40 pounds in flesh. He is now fully recovered. We have a good trade on the Tablets.—Hart's Bros., Merchants, Long Branch, N. J. For sale by W. N. Craig.

The most crowded spot on the globe at certain hours of the day is the neighborhood of the City Hall Park in New York. The Brooklyn bridge end there, as one of the elevated roads; the subway now in construction, other projected subways and many lines of street cars.

He Learned a Great Truth.
It is said of John Wesley that he once sold to Mistress Wesley: "Why do you tell that child the same thing over and over again?" "John Wesley, because once telling is not enough." It is for this same reason that you are told again and again that Chamberlain's Cough Remedy cures colds and grip; that it counteracts any tendency of these diseases to result in pneumonia, and that it is pleasant and safe to take. For sale by W. N. Craig.

THE GOVERNOR'S FIGURES CORRECT.

Referring to the charge of the Louisville Post, that Gov. Beckham falsifies the record when he says that the penitentiaries are self-supporting, the Glasgow Times hands that paper and its editor this hot one. The statement is:

"The Louisville Post is a publication which keeps the standing announcement that it is a democratic newspaper at the head of its editorial column, and advises the public in every issue to vote for Belknap—a paper that is utterly without principle as it is without price—for the reason that nobody is debased enough, or idiot enough, to buy it. It is a waste of labor to shave an ass, and it is a foolish blowing of breath to speak of a common and notorious liar, but it is not traveling away from the line of truth to say that the Louisville Post has, age considered, been indicted more times, and sued more times for the crime of criminal libel, than any publication that ever existed in Kentucky. This can only mean that it is not merely a liar, but a malicious liar—a liar with no regard for its own reputation, or for the good name of others. By abject analogies, by eating its own words, by acknowledging that it was a defamer and dirty falsifier, this soundly publication has managed, by hook and by crook, to pretty well wipe the just consequences of its villainous acts. Notably is this true in the case of the editor of the Glasgow Times, whom the Post accused, in his official capacity as prison commissioner, of "grafting" in the penitentiary meat contracts. The Post and its editor, Mr. R. W. Knott, were promptly indicted and sued to the Warren circuit court for criminal libel. Thereupon, to make a long story short, the Post tardily retracted its libelous matter, paid all expenses and costs of every nature—including lawyer's fees on both sides—and in a published statement, at the head of its editorial columns, admitted the falsity of its own publication. To save him from the uttermost depths of humiliation, the editor of the Glasgow Times was begged not to "know over" the infamous bound who edited the Post, and this is the first time the matter has ever been mentioned in these columns since its statement. This is the same base, brazen and lying sheet, edited by the same base, brazen and lying R. W. Knott, that is again attacking the trial of the poor commission. It is only necessary to say that it is despicable of backsliders of character and memory to do what they have done in the last 12 months. The charges given by Governor Beckham, and the statements made by him, are absolutely irreconcilable."

Billy Buch 2:07 is said to be the first great trotter to come from Mississippi. Ed Geers cleared close to \$20,000 on Billy Buch this season as he only cost \$2,500 last winter, and he sold him to millionaire Smathers for \$12,500 more than that sum, and his winnings for the great driver before the latter let Smathers have him makes up the former a snug amount.

MORE than 5,000 people heard Gov. Beckham, Congressman Ollie James and others speak at Princeton Saturday. The feature of the occasion was the denial by the Governor of charges made by the republican candidate, Speight, that Gov. Beckham agreed to pardon Sam Clark for a campaign contribution of \$800. A letter was read from S. A. Norman denying that he had ever said anything to Speight about the matter. Speight, in making the charge, had said that he could prove it by Mr. Norman. The Governor denounced Speight in severe terms.

THE Lexington Democrat has leased for a term of years the well known N. varre building on East Main street, a few doors West of the postoffice, and will shortly remove to it. The step was rendered necessary by increased business, which demands better and larger quarters. A perfecting press will be installed and other improvements will be made with the hope of making better that already excellent and popular democratic paper.

ONLY two weeks from to day until the election and if you have not made up your mind as to how you are going to vote, it is high time you were doing so. Certainly no democrat is going to scratch the splendid ticket which appears elsewhere. There is no reason for doing so, for in ten years have democrats had better men to vote for. Stamp under the rooster and if there's any scratching to be done let the game bird do it.

THE republicans of the bloody election will have two republicans to vote for in Congress on Nov. 10 unless the State Central Committee or the courts settle the matter. The convention at Middlesboro broke up in a rumpus and the Edwards followers left the hall and met at London yesterday and nominated D. C. Edwards. The Hunter faction remained and named the Gum Shoe statesman.

THE Lexington Democrat thinks the acquittal of Lt. Gov. Tillman, of South Carolina, for the murder of Editor Gonzalez, is as mean a miscarriage of justice as the sentencing of Jim Howard for life, for killing Gov. Goebel.

One of the largest democratic rallies held in Louisville for several years will be held to-night at Music Hall. Alex P. Humphrey, J. T. O'Neal and Congressman Swager Sherley will be among the speakers.

MIDDLEBURG.

Pastures have been greatly revived by recent rains.

Corn cutting and sorghum making is the order of the day with most farmers.

The Casey democracy is in excellent fighting trim and determined. It is thought the full party strength will be polled.

Rev. Joshua Taylor is having some much needed improvements made on the old rifle property which greatly adds to the beauty of the surroundings.

E. E. Kelsey has a little daughter who is very ill with typhoid fever. Miss Corda Hubble and the other sick in this immediate vicinity are convalescing.

Mrs. Julia Miller, of Southern Indiana, is the guest of her brother, Dr. I. C. Dye. Miss Anna Adams has a nice supply of winter bats which the elite of the fair sex would do well to examine before going elsewhere.

The protracted meeting continues at the Baptist church with unabated interest. Lasting good has already been accomplished, though as yet there have been no open converts. Rev. Barker is a most forcible speaker and that his efforts will bear fruit is already apparent.

Mrs. Emma Tome, the estimable young wife of George Toms, died Thursday morning after a long and lingering illness of that dread disease—consumption. She was about 22 years of age and a Christian lady. Interment took place Friday in the old Moore burying ground.

White drilling for water in the yard of W. G. Short, at this place, L. T. Smith, of Rowland, struck a strong flow of gas at a depth of only 19 feet. The same rock formations and deposits encountered as in the Jones well. A second well was drilled for Short when gas was again encountered at a depth of about 22 feet. Mr. Smith is now boring away on the third hole with strong hopes of missing gas.

As forecasted in our last correspondence, the Casey rads instructed for D. C. Edwards, of London, for Congress to succeed the late Vincent Boreling. The republicans were as thick in Liberty Thursday as hairs on a dog's back, and factional politics was at white heat—each side being determined. The late Giboney followers were a unit for Hunter, while the majority of the Wesley supporters were for Edwards—hence the old fight over, which resulted in a majority of over 100 for the gentleman from Laurel.

IN NEIGHBORING COUNTIES.

It is likely that Bryantville will have a bank.

G. A. Swinebroad delivered to Walker & Saunders 115 300-pound hogs at \$6.00.

John Steele Carpenter, of the West End, has lost by death from cholera 125 hogs.

Miss Minnie Spratt, daughter of Burton Spratt, died at Paint Lick of consumption.

W. G. Cowan, of the West End, bought in the last few days a lot of hogs at \$4.00.

Capt. W. E. Bell, a gallant Confederate veteran and prominent citizen, died at Lawrenceburg.

Wood and Duck Wolf were held in \$250 bond each for shooting at Matt Combs and wife in Clay county.

John G. Carman, a life long republican of Casey, has awakened from his slumbers and will support democratic nominees hereafter.

Vick Messer, who was given three years for killing Mrs. Eliza Carnes by the Knox circuit court, has had his case reversed by the court of appeals. John R. Boreling and Dr. John M. Williams were appointed administrators of the estate of the deceased Hon. Vincent Boreling. The estate is worth several hundred thousand dollars.

The stockholders of the First National Bank met and elected John R. Boreling a director. There was an election held to fill the vacancy in the office of president of the bank caused by the death of Congressman Boreling, and W. B. Catchings was chosen—London Democrat.

Confessions of a Priest.

Rev. John S. Cox, of Wake, Ark., writes, "For 12 years I suffered from yellow jaundice. I consulted a number of physicians and tried all sorts of medicines, but got no relief. If you want a reliable medicine for Liver and Kidney trouble, stomach disorder or general debility, get Electric Bitters. It's guaranteed by all druggists. Only 50¢.

Resolutions Of Respect.

At a call meeting of Waynesburg Town No. 35 of K. O. T. M., Waynesburg, Ky., a committee was appointed to prepare resolutions upon the death of Sir Knight S. P. Goob, who was suddenly taken from our midst to the realms beyond by the Commander on High Oct. 8, 1903. As the stars were fading away at the approach of the great luminary which fills the day with effulgent glory, the soul of Sir Knight Samuel P. Goob took its flight. And may we not indulge the hope to that eternal day that knows no ending and which was greeting with the words: "Well done though good and faithful servant."

1. By his death our tent has lost one of its best members, the wife a kind and affectionate companion, his aged father a faithful son, his brothers and sisters a Christian brother.

2. That our tent has not only lost a worthy sir knight, but the community at large has lost the association of a citizen whose life has been one of exemplary piety.

3. That we, sir knights, should try to imitate the life of our deceased brother.

4. That we tender our sympathy to the bereaved family in their great loss and direct them to God, who doeth all things well.

5. That a copy of these resolutions be spread on the minute book, a copy be furnished the INTERIOR JOURNAL for publication and a copy be furnished the family of the deceased.

U. T. Goob, Jr., W. R. Singleton, J. M. Reynolds, committee.

POLITICAL.

Alaska has chosen two delegates to the Republican National Convention.

The Alaskan Boundary Commission has verbally agreed to grant all the American contentions except for the Portland canal, which goes to Canada. The formal agreement was rendered yesterday.

Secretary of State Hill has written to clerks of Bath, Montgomery, Mead and Rowan counties to ignore the petition of Tom Roe who sought by this means to have his name placed on the poll book as candidate for circuit judge in opposition to Alie W. Young. This makes it impossible for Young to have opposition.

At the lowest estimate, 1,000 people turned out to hear Gov. Beckham and Congressman Swager Sherley at Marion, Crittenden county. The governor and party were met at the depot by 2,500 persons and escorted to the home of Congressman Ollie James, where they were entertained. The speaking was held in the court house yard from a platform. The schools were dismissed and 400 children paid their respects to the governor.

That a great majority of all deaths occur between 1 and 8 o'clock A. M., was shown by the record of 5,000 cases presented in the British Medical Association by Dr. Haviland. Forty per cent. more deaths occur in the fifth hour of the morning than in the 10th.

WONDERFUL COW.—Mr. Hodell Chancellor has a wonderful cow. She gives two gallons of rich milk each morning and evening and the peculiar part about her is that after milking a little out of each teat the milk flows freely on its own accord. If you don't believe this call at Mr. Chancellor's and he will show you that our statement is correct in every particular.

THE REPUBLICANS have begun their nightly scenes and every colored school house in the county is used for the speakers of that faith to tell what they know about saving the country. As night approaches the larger and lesser lights in the oratorical world can be seen leaving town for their nightly appointments. Are the democrats doing anything? If they are, they are doing their work mighty sly, if they are not it is high time they were getting a move on themselves. Lincoln is a democratic county and it is worse than folly to permit it again go to the republican column. A long pull, a strong pull and all pull together is what is needed this time and if it is made, Messrs. P. M. McRoberts, W. Lawson Sumrall, A. W. Carpenter and the republican State ticket will be sent to the rear as far as Lincoln county is concerned, and then asked to sit down for good and all.

A LARGE crowd gathered at Hustonville Saturday afternoon to bear the distinguished Judge James H. Mulligan, of Lexington, and others and right well were they repaid for the trouble of coming. Judge Mulligan's speech was a most able effort from beginning to end, but the wind-up, when he challenged the comparison of Caleb Powers to Robert Emmet, was eloquent and almost sublime. Of Irish parentage, Judge Mulligan holds too high a regard for the martyred Emmet to permit a comparison between him and a thrice convicted assassin to go unchallenged. After being introduced by Hon. M. F. North, the Judge discussed at length the tariff and other important issues and made it so plain that it was to Kentucky's interest to go democratic this year and next that the most partisan republican, who heard him would have admitted the truthfulness of his statements, had the courage and honesty. "I am not panicky," said the Judge, "but I come to tell you that Gov. Beekham's election is no foregone conclusion. I believe he will win, and if he does, it will be because our democratic work unceasingly from now until the close of the polls. Over confidence has lost many a battle—don't let us lose this one from that cause. As Kentucky goes this year, so she will go next, and as she goes next year, so she will go forever. In the name of God let no such calamity befall us." Space prevents our giving a more extended mention of his excellent talk of two hours and we are sorry indeed that every man, woman and child in the county did not hear it. His references to "Snowball" Belknap were exceedingly amusing and his Irish wit flowed freely all through his speech. Hon. W. C. Bell followed Judge Mulligan in a well-timed talk and Hon. R. C. Warren and Harvey Helm were to speak, but the lateness of the hour prevented it. "It is about milking time," said Mr. Helm, when his turn came, "and I don't want the fault of keeping you all here and making your wives perform that unpleasant duty fall on my shoulders." A number of ladies honored the speakers with their presence.

THE announcement of Miss Kate Bogle, of Hustonville, for school superintendent, subject to the action of the democratic party, appears elsewhere this issue and her friends all over the county will be glad to know that she has fully decided to make the race for the office she is so thoroughly qualified to fill. Miss B. comes from a strong democratic family, is herself a sterling democrat (and would stamp under the rooster Nov. 3d if she could) and is one of the most successful teachers in the county. Her friends are sanguine of her winning the nomination and they will leave nothing undone to prevent her from securing it.

riage license here last week.

Miss Ruth Harvey, of Somerset, was

married in Cincinnati last week to Dr.

H. L. Fancher, of Bridgeport, Ala.

E. O. Gooch, aged 22, and Miss Pat Lee Wilson, sweet 16, were married Saturday by Sup't. Marshall Singleton.

A triple wedding took place in the parlors of Rev. J. A. Booth, at Taylorsville, in which all the brides were close relatives and bore the same surname. George A. Henry and Miss Lillie Wakefield, Bill A. Henry and Miss Elvira Wakefield and Ernest Soder and Miss Garnetta Wakefield, were married by the same ceremony.

The settlement figure in the Mae C. Wood case, involving an alleged breach of promise on the part of Senator Platt to marry, is reported to have been \$15,000. The negotiations were conducted by a former representative of Congress from New York. The bride to be kept well in touch with what was going on. Miss Wood is also permitted to retain her place in the Washington post office department.

A bridal party composed of Mr. and Mrs. G. R. Carson, Misses Lucy Carson, Minnie McWhite, Cleo Thomas, and Wm. True, of Liberty, Casey county, has been spending the past two days at the Reed Hotel. The groom is one of the most popular young business men of the city and the bride one of its most accomplished daughters. The young couple found Lexington the most crowded city they ever visited, so much so that the bridal chamber of the hotel could not be secured, and the bride was forced to spend their visit with the ladies of the party, while the groom shared apartments with his gentleman friends—Lex. Democrat.

After my first baby was born I did not seem to regain my strength although the doctor gave me a tonic which he considered very superior, but instead of getting better I grew weaker every day. My husband insisted that I take Wine of Cardui for a week and see what it would do for me. I did take the medicine and was very grateful to find my strength and health slowly returning. In two weeks I was out of bed and in a month I was able to walk up my usual duties. I am very enthusiastic in its praise.

Wine of Cardui reinforces the organs of generation for the ordeal of pregnancy and childbirth. It prevents miscarriage. No woman who takes Wine of Cardui need fear the coming of her child. If Mrs. Unrath had taken Wine of Cardui before her baby came she would not have been weakened as she was. Her rapid recovery should commend this great remedy to every expectant mother. Wine of Cardui regulates the menstrual flow.

PREPARE TO STEAL.

Purpose Of Dr. Hunter's Visit To The Mountains.

The results of Dr. W. Godfrey Hunter's departure from Louisville and his tour over the 11th district are beginning to be seen, and the reports from the mountains indicate that the chairman of the republican campaign committee, with the assistance of J. H. Newman, the firebrand chairman, has prepared the way not only for his own election to Congress from that district, but for gigantic frauds at the State election. Reports from that district indicate that the leaders of the republican party are preparing to go greater lengths than ever in committing frauds upon the ballot on Nov. 3rd. From reliable sources it has been learned that anywhere from 5,000 to 6,000 repeaters will be imported into the 11th district and voted for the republican ticket. These repeaters are secured from the adjacent mines of Tennessee, Virginia and Pennsylvania. As the courts are all controlled by the republican party, the leaders there have no fear of punishment and commit frauds openly with impunity. The following letter from a prominent democrat of Middlesboro to Judge S. W. Hager, chairman of the State Democratic Campaign Committee, gives some idea of the schemes and intentions of the unscrupulous republicans, who are willing to go any lengths to secure the freedom of Caleb Powers and the return of W. S. Taylor.

"We had inatters in fair shape to secure an honest election in this county until 'Gum Shoot' Hunter came up here within the past few days. We were well satisfied with the result of the registration in Middlesboro and in Pineville and also had a reasonably fair distribution of election officers. I am now well satisfied that the republicans will resort to their old-time tactics of bringing in miners and repeaters from Tennessee. I was up at Louisville last night and was advised by the democrat there that we could expect the worst. They are a hard crowd here to this county, and with the hope of a pardon for Powers and the others who are charged with the murder of Gov. Goebel they will go the full length in perpetrating fraud in an effort to win.

It does not make any difference what they do, for the republican ticket will be protected by the republican courts. It therefore follows that we may expect frauds. Further, in overwhelming republican precincts they will terrorize our officers and perhaps in a great many instances browbeat them until for fear of personal injury, they will not serve. They claim they will carry this county by over 2,000 majority, and we know as a matter of fact that they can do this with a fair count. In the registration in Middlesboro they tried in every way to have fraudulent voters registered, but we held them down to the end letter of the law. In the precincts adjacent to Tennessee is where they make their steal and I believe Hunter's trip to Middlesboro and Knox and Whitey counties was for the purpose of distributing their money and arranging for a system of wholesale frauds. If we could prosecute them in the courts we could do something, but this can not be done, and knowing this, they will simply ignore the law where it suits their purposes."
